

Visible Storage Cabinets – Transparent Drawers

The **290 and 550 series** cabinets have a strong, dark grey polypropylene frame and galvanised steel shelves with clear polystyrene drawers the handles of which remain within the frame footprint. The cabinets are stackable and can be fitted into a carousel offering exceptional storage capacity in a small area. Complete with drawers and sticky labels for each drawer. In addition, a Benchtop Spacemiser is available to take 2 x 550 cabinets. Cross dividers are also available.

Spacemiser Turntable Assemblies

Needing only 0.25m² of floor space these freely turning assemblies hold 12 of the large 550 storage cabinets in three layers. Each layer contains four cabinets which are ordered separately.

Unbreakable CD Cassette Cases

Produced with a unique, innovative and simple **lever action ejection system** that protects CD's from scratches and finger smudges and is made from unbreakable, transparent, recyclable polypropylene complete with ring binders and clips. There are two main types of CD JET holders: **Standard** for CD only (size 5.4 x 142.5 x 126mm) and **Booklet** with separate compartment for inserting a booklet into the case (size 7.7 x 142.5 x 126mm). The range includes transparent clear cases with blue ejection system and 5 colours (similar to iMac in tangerine, blueberry, strawberry, lime and grape). A set of blue clips is available to attach to the CD JET cases so that they can be inserted into a standard (80mm) ring binder.

We use the standard version for our own TAAB Catalogue on CD. Do you have your copy?

PTFE Beakers

PTFE (polytetrafluoroethylene) has a unique combination of properties. It has a wide thermal range, is chemically and biologically inert, thermally stable (working temperature from cryogenic to +260°C), is sterilisable by steam or EtO, and has a low coefficient of friction.

These beakers are made from smooth, machine finish PTFE for easy cleaning and good thermal contact. With pouring spout and upper reinforced rim section for easier use.
