 D204/1 Dust-Off Eco-Plus Duster 150ml pack of 12

Our Jet Dusters contain no CFC's, no HCFC's, no propane and no butane.

D204

Rechargeable Jet Dusters

FALCON Dust-Off Plus® These models are equipped with the patented Vector Valve® which has the unique ability to angle its dust removing power 360° to give unequalled accessibility into intricate dusting applications. This valve gives variable control of pressure and is removable without loss of the ozone friendly gas.

D141 Dust-Off Plus complete with Vector Valve 300ml each

Falcon Dust-Off Plus Refill A canister to be used to recharge Dust-Off Plus with Vector Valve®. Charged with ozone friendly gas.

D142 Dust-Off Plus refill ozone friendly 300ml each
 D143 Dust-Off Plus refill ozone friendly 300ml pack of 12

Falcon Dust-Off Plus Valve and Nozzle 360° Vector Valve® replacement unit.

D141/N Replacement Vector Valve® system for Dust-Off Plus each

Dust-Off XL Special Application Formula This Dust-Off version has been specially developed for use in research laboratories where flammability is of great concern. These dusters offer the same cleaning power as other Dust-Off products but without any risk of flammability. Fitted with the unique Vector Valve® system.

D149 Dust-Off XL special application formula *complete* 186ml each
 D150 Dust-Off XL Special App. formula *refill* canister 186ml each

Although considered non flammable in use, Dust-Offs are considered flammable for shipping purposes as there are some flammable elements. The **Special Application Formula** overcomes this problem and gives 20% more

Original Dust-Off Classic

Still the world's first choice duster after 20 years. The sturdy Dust-Off Chrome Valve is an industry standard so refills will fit most other chrome valve systems. The valve can be removed without loss of gas and the can retains the same pressure until it is empty.

D058	Dust-Off classic 300ml <i>complete</i> with valve	each
D059	Dust-Off classic <i>refill</i> 312ml	each
D060	Dust-Off classic <i>refill</i> 312ml	pack of 12
D059/N	Dust-Off classic chrome <i>valve and nozzle</i>	each

Extension Nozzle for Classic

A metal extension nozzle with 57cm (22½") of clear flexible hose that is a push fit over the existing fixed nozzle of the Original Classic Dust-Off. This provides greater convenience for many cleaning applications.

D061	Dust-Off Classic extension hose and nozzle

Anti-Static Wipes

Pre-moistened anti-static wipes that will quickly clean any washable surface leaving it static-free. Soft and non-abrasive, these wipes are ideal for computer cabinets, screens, keyboards, printers and copiers. Also for microscope desks and control panels. Unbreakable pop-up dispenser holds 70 wipes 143 x 203mm.

C287	Moistened anti-static wipes	box of 70
-------------	-----------------------------	-----------

Anti-Static Foaming Cleaner

A highly versatile combination of solvents, detergents and surfactants formulated to remove a wide range of dirt grime and staining. Effective on plastics, cloths, computer cabinets, glass, machinery and equipment. It is particularly efficient at removing fingerprints.

A016	Anti-Static foaming cleaner 400ml (10oz) aerosol	each

MiracleWipe™ Wipers

Highly absorbent wipes made from 100% continuous filament nylon, ideal for general wiping in critical environments. The double knit construction, texture and body of the nylon filament give the wiper an excellent hand and superior strength. MiracleWipe has ultralow particulate generation and low extractable levels that help prevent product contamination. Has a soft, nonabrasive surface, excellent tensile strength, elasticity and durability. Bag-Within-A-Bag™ clean-room packaging.

C176	MiracleWipe wipers 9" x 9" (23 x 23cm)	3 inner bags of 50 (150 total)
C289	MiracleWipe wipers 10" x 12" (28½ x 31cm)	4 inner bags of 50 (200 total)

Virusolve + Disinfectant

A complex blend containing the latest dodecylamine based structures, solvents and fully non-toxic, biodegradable detergent. The formulation does not contain any hazardous aldehydes or chlorine generating components. Highly effective as a cleaner and disinfectant against bacteria, mycobacteria, fungi, viruses, spores, MRSA, C.diff. HIV agents, E.Coli and NDM1. Virusolve+ does not simply render the microorganisms inert but has been demonstrated to kill them by disrupting the RNA of the microorganisms and preventing resistance being built up. It is safe to use on any surface and is odourless and colourless. Eco-wipes 300 x 250mm.

D251	Virusolve + 750ml trigger spray	D254	Virusolve + eco-wipes (225)
D252	Virusolve + 2½ litre (dilute to 5%)	D265	Virusolve + Ready to Use 5litres

Small Sticky Swabs 1-3mm Diameter

The ultimate in detail cleaning. Specially designed for highly controlled dust-free environments (class 10-100), **Sticky Swabs can be used anywhere ultimate cleanliness or dissipation of electrostatic charge is required.** ESD antistatic swabs have a **soft absorbent, non-scratching sticky tip that does not leave any particulate or adhesive residue.** Ideal for removing particles from narrow, hard-to-reach areas. **Tip material PVAC (polyvinyl acetate)-ethyl acetate-isopentyl acetate.** *Each swab is 70mm long.*

S776 Sticky swabs **1mm head** box of 10

S776/25 Sticky swabs **1mm head** box of 25

S777 Sticky swabs **2mm head** box of 10

S777/25 Sticky swabs **2mm head** box of 25
